

Air1 is great and I love having it on my computer as well on my radio, we need more of these types of stations, we need to encourage growth in this area, not make it harder for them to operate.

They are currently on an LPFM broadcaster and need to stay as such! If they were taken off it would not be a move forward but backward, they provide inspiration, and it is in the public's interest to keep them on the air on an LPFM broadcaster.
